WORK EXPERIENCE

Flutter Developer

freelancer

06/2023

- Collaborated closely with clients to understand their goals and vision for the applications, and delivering high-quality mobile applications
- Gained practical experience in state management solutions using Provider and getx, ensuring efficient application architecture and responsiveness.
- Assisted clients in deploying applications on App Store and Play Store, providing guidance and support throughout the submission process.
- Utilized Firebase for backend services and real-time database functionality.
- Integrated various APIs from third parties into mobile apps.

Remote Flutter Developer Intern

tchitcha

03/2020 - 09/2020

- Engaged in regular communication with team members through virtual meetings, emails, and project management tools, ensuring smooth coordination and progress tracking.
- Collaborated closely with UI/UX designers to translate design concepts into intuitive user interfaces, focusing on delivering exceptional user experiences.

flutter Intern

ProInfo

06/2019 - 09/2019

- Assisted in the development and maintenance of Flutter codebase for mobile applications, under the guidance of senior developers.
- Supported the team in implementing localization features to support multiple languages, enhancing the accessibility and user experience of the applications.
- Gained exposure to the deployment process on both App Store and Play Store, assisting in ensuring seamless distribution and accessibility for end-users.
- Participated in version control using Git, learning effective collaboration and code management practices within the development team.
